

Why Have a Website for Your Seller's Home?

Let the website work for you! Potential buyers can tour the home online anytime they want!

- Saves YOU time! I will take photos and measure rooms for you! (Saving you a trip to the home)
- I will order, pickup and hang sign rider for you!
- I will showcase house in an eye appealing way.
- Highlight new or special elements of home on main image for quick and immediate viewing.
- At-a-glance view of all the house's features.
- Quickly accessible photo galleries of each room with more detail.
- Potential buyers can quickly access all the information and photos of the home 24 hours a day, at their leisure.
- Directly links to your real estate website.
- Your contact info will be easy to find by potential buyer.
- Direct link to map of location of home.
- Exterior photos on website can be updated as seasons change if needed.
- Quick turnaround time! Once I have the information and have taken the photos, the site can usually be up within 24-48 hours.
- I will acquire the url, design, create and post the site on my server space. You don't need any web knowledge.
- Direct potential buyers to photos and information on houses by telling them easy to remember web site address.
